COMMITTEE SENSITIVE

Mr. Scott Breckinridge
Principal Coordinator/HSCA
Office of Legislative Counsel
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Breckinridge:

I write in reference to the Committee's requests of 6 June 1978 and 8 June 1978 that the Central Intelligence Agency make available for review by Committee staff members all files and index references to the following individuals:

Luisa Calderon
AMMUG/1

During the week of 2 July 1978, various files concerning the above-named individuals were made available for review to Charles Berk of this Committee. Mr. Berk has now reviewed Luisa Calderon's 201 file and AMMUG/1's Office of Security file, Office of Personnel file, and Volumes One and Two of AMMUG/1's 201 file covering the period 25 April 1964 - October 1965.

After a careful review of these materials, it has been determined that CIA-originated reports of 5 May 1964, 6 May 1964, 7 May 1964, 8 May 1964, 11 May 1964, and 19 June 1964, each based upon AMMUG/1's knowledge, are absent from the materials provided to Mr. Berk. Furthermore, neither notes nor memoranda upon which these reports may have been based are present in the files. The content of these reports, notes and memoranda are of substantial interest to the Committee. It has also been determined that AMMUG/1 material now stored by the CIA at its Warrenton, Virginia facility has not been made fully available to the Committee. This omission came to Mr. Berk's attention inadvertently during a conversation that he had with Chris Hopkins.

Mr. Berk's review of a 1 May 1964 CIA-originated dispatch also indicates that at least twenty-two reels of tape

Mr. Scott Breckinridge

COMMITTEE SENSITIVE

recorded interviews conducted by CIA representatives with AMMUG/1 are absent from the files provided thus far to the Committee. These twenty-two reels of tape recordings were listed as attachments to the above-referenced CIA dispatch. The actual interviews from which the tape recordings were generated were conducted shortly after AMMUG/1's defection from the Cuban Intelligence Service. Furthermore, three transcripts of tape recorded CIA interviews with AMMUG/1 are absent from the files thus far provided to the Committee. These transcripts were listed as attachments to a CIA-originated report of 30 April 1964. The actual interviews upon which the transcripts are based were also conducted shortly after AMMUG/1's defection from the Cuban Intelligence Service.

In the case of Luisa Calderon's CIA files, CIA informational reports, cables, and dispatches referenced to in her 201 file have been found to be absent from that file. In addition, a CIA transcript of a telephone conversation in which she participated on the day of President Kennedy's assassination is absent from her 201 file.

The absence of these reports, notes, memoranda, and other material from the AMMUG/1 files and the Luisa Calderon files reviewed to date may be an indication that other related materials have not yet been made available to the Committee for review.

The Committee therefore reiterates its request that all files and index references on Luisa Calderon and AMMUG/1, including but not limited to production files, operational files, soft files and subject files, be made available to the Committee as soon as possible.

The Committee further requests that AMMUG/1 CIA case officers Harold Swenson, and Barney Hidalgo, FNU Langosch, and Daniel Flores be made immediately available for personal interviews with Committee staff members.

As some of the matters discussed herein may be of a sensitive or classified nature, this communication may require appropriate classification.

Thank you for your continued cooperation.

Sincerely,

G. Robert Blakey

Dear Mr. Carpentier:

In connection with its investigation into the circumstances surrounding the death of President Kennedy, the Select Committee on Assassinations requests access to a report written by Bruce Solie in 1967. This report critiqued the 800 page report on Yuri Nosenko, prepared by the S. B. Division.

Because this report is derived from "Top Secret" material, you might find it appropriate for the Agency to so classify it. All copies of this letter held by this office have been marked "sensitive".

This letter confirms the oral request made by Ken Klein to Roger Gabrielson on May 15, 1978.

Thank you for your continued cooperation.

COMMITTEE SENSITIVE

As in the past, and as we will continue to do in the future, we are making a basic assumption that your search and response include all files and index references pertaining to any and all registered or unregistered aliases and cryptonyms that were used by, or assigned to, such persons. We request further that your search include all files that are centrally indexed as well as those that are maintained in a non-centralized manner. This search should specifically include, but not be limited to, the Western Hemisphere Division files, the Office of Security files, the Office of Personnel files, the Technical Services Division files, and the Office of Finance files.

Because item #38 above and the paragraph below are derived from "Top Secret" material, you might find it appropriate for the Agency to so classify them. All copies held by this office have been marked "sensitive".

Finally, please be advised that the Committee will provide you shortly with the names of those staff members who are to be given direct access to selected portions of the 1977 CIA Staff Study.

Thank you for your cooperation in this regard.

Sincerely,

December 27, 1977

Mr. Douglas T. Cummins
Central Intelligence Agency
Office of Legislative Counsel
Washington, D. C. 20505

Dear Mr. Cummins:

This letter is written in connection with our conversation on December 22, 1977, in reference to the classification of correspondence between the Committee and the Agency.

I have carefully reviewed my letter of December 15, 1977, which we discussed on Thursday, and have concluded that it would be inappropriate to designate the letter as "sensitive", or to mark it under Section 110 of the Committee's Security Procedure as material that contains or reveals restricted material.

I have also carefully reviewed my letter of December 20, 1977, making nine specific requests. It would be appreciated if you would, in my behalf, designate that letter "sensitive". Copies held here have been so designated. As you are aware, however, the Committee has no lawful authority to classify any document. Nevertheless, since item #5 in my letter of December 20, 1977, is derived from materials designated "Top Secret", but neither contains nor reveals the contents of said material, it may be appropriate for the Agency, but not the Committee, to so classify that item.

Similarly, I have carefully reviewed my letter of December 22, 1977, requesting access to eleven designated items and several other files and materials. The paragraph beginning "Finally" is derived from material designated "Top Secret", but neither contains nor reveals the contents of said material; it may, therefore, be appropriate for the Agency, but not the Committee, to so classify that item.

COMMITTEE SENSITIVE

In the future, letters to you will, where appropriate, contain a concluding paragraph indicating to you that particular requests are so derived from classified materials. I trust that this practice will aid in maintaining the integrity of materials the Agency has furnished the Committee.

Sincerely,

G. Robert Blakey
Chief Counsel and Director
